Ewing M. Kauffman Owner Chairman of the Board

There is something about a challenge that brings out the best in Ewing Kauffman, and there is something about Ewing Kauffman that brings out the best in those associated with him.

Mr. Kauffman, a daring, tireless man who ranks as Major League Baseball's second senior owner, is responsible for baseball remaining and thriving in Kansas City. Mr. K, as he is known to associates, owns 100 percent of the Royals. He purchased the club as an expansion franchise in 1968. He sold 49 percent in May of 1983, and an

additional one percent in January of 1988. He regained full ownership in January of 1991 when he bought back the 50 percent.

Under Mr. K the Royals have developed into one of baseball's most respected and successful franchises. In their 24-year history, the Royals have won six American League Western Division Championships, two American League Pennants and a World Series Championship. Despite playing in baseball's smallest market, the Royals are annually among the game's attendance leaders and have drawn over two million in home attendance 11 times. The two million figure computes to approximately 165 percent of the Kansas City area population. He sponsored formation of the Royal Lancers, a group of businessmen and women who have consistently kept Kansas City as a league leader in season ticket sales.

Mr. K is Chairman Emeritus of Marion Merrell Dow Inc., following the December, 1989 merger of Marion and Merrell Dow. He founded Marion Laboratories, a Kansas City based pharmaceutical manufacturing firm, in 1950. He guided Marion Irom a gross sales of \$36,000 and a net profit of \$1,000 in its first year, to the diversified health care company it is today, with sales of nearly one billion dollars.

Kauffman's life began on a farm near Garden City, Mo., 60 miles southeast of Kansas City. The family moved to Kansas City when he was a youngster. He attended high school and junior college locally, then spent four years in the Navy.

Mr. Kauffman and his wife Muriel, have given much personal attention to the Kansas City community in addition to baseball. A multi-million dollar Kauffman Foundation to benefit Kansas Citians is in its seventh year. The Kauffmans funded and started Kansas City's model CPR program that trained nearly 200,000 Kansas Citians in the life-saving technique. A community-wide drug awareness and prevention program was launched in April of 1984. Called Project STAR, which stands for Students Taught Awareness and Resistance, the program is designed to help young people anticipate influences that could tempt them to get involved with drugs. In addition, the program assists youth in developing selfmanagement techniques and the skill to resist the temptation of drug usage. Mr. Kauffman also began Project Choice, a comprehensive educational and scholarship program that benefits underprivileged high school students in the Kansas City Missouri School District.

Mr. Kauffman's business and sports leadership have brought him numerous honors. The Kansas City Press Club voted him Man-of-the-Year in 1973. He was the "Mr. Baseball" honoree at the 1976 and 1991 Kansas City Baseball Awards Dinners, and later that year was inducted into the Missouri Sports Hall-of-Fame. Mr. K has received the prestigious Horatio Alger Award, the Golden Plate Award from the American Academy of Achievement, the Kansas City Chamber of Commerce "Kansas Citian of the Year" award, and the Distinguished Service Award from the American Legion (Missouri). In 1986, the Southern Christian Leadership Conference selected Mr. K to receive its annual award based on Marion Laboratories strong support of civil rights causes. In 1989 President George Bush appointed Mr. Kauffman to serve on the President's Drug Advisory Council. In 1991 he was named the Distinguished Kansan of the Year by the Native Sons and Daughters of Kansas.

Born August 30, 1947, Vogelaar is a native of Littleton, Colorado. He received his Bachelor of Science degree and Master of Arts degree in Communications/Public Relations from Central Missouri State University (1969 and 1971). Project STAR

Project STAR (Students Taught Awareness and Resistance) is a comprehensive, community-wide drug and alcohol prevention program initiated by Mr. and Mrs. Ewing Kauffman. The project is funded by The Kauffman Foundation. The project is designed to help young people in the greater Kansas City area develop an understanding of the consequences of drug abuse, identify influences which promote the use of drugs and alcohol, and develop the social skills necessary to resist those influences. Because students are influenced by many factors within their school environment, the project focuses on those major forces. However, students are influenced by their total environment, and that influence can be either positive or negative. By stimulating and coordinating the cooperative efforts of schools, various community agencies, parent groups, business and professional organizations and the media, Project STAR will help young people in the Kansas City area resist the many influences to become involved with drugs and alcohol.

Pinch Hitter Rule

A player shall be considered a pinch hitter only if he enters the game as a substitute batter and then only on his first time at bat which must be before he becomes a fielder. (If the team bats around and a pinch hitter comes up a second time in the inning in which he first appeared, he will not be considered a pinch hitter during that second time up).

A substitute hitter for a designated hitter is both a pinch hitter and a designated hitter on his first time at bat. On subsequent trips to the plate he is a designated hitter only.

Designated Hitter Rule

A hitter may be designated to bat for the pitcher in any spot in the batting order in any game without affecting the status of the pitcher. The designated hitter must be selected and be included on the lineup cards presented to the umpire-in-chief prior to the game. Failure to do so precludes the use of a designated hitter for that game.

The designated hitter is "locked" into the batting order but may be removed for a pinch-hitter or pinch-runner, who in turn becomes the designated hitter. The designated hitter, while still in the game, may be used defensively but the pitcher then assumes the batting order of the replaced defensive player, thus terminating the designated hitter role. The designated hitter is eligible for all American League batting titles.

23.

Steve Busby, Jim Colborn and Bret Saberhagen are the only pitchers in Kansas City's modern Major League history to have hurled no-hitters.

Busby accomplished the feat on 2 occasions, the first coming at Tiger Stadium when he held Detroit hitless on April 27, 1973. He gave up 6 walks and struck out 4 as Kansas City won 3-0. His 2nd gem also came on the road on June 19, 1974 at Milwaukee's County Stadium where he blanked the Brewers, 2-0. It was in near perfect fashion as the only baserinner was George Scott, who walked to lead off the 2nd inning.

Colborn recorded the 1st no-hitter by a Kansas City pitcher in Royals Stadium on May 14, 1977, when he blanked the Texas Rangers, 6-0. It too was nearly a perfect outling as Colborn walked one batter and hit another while facing only 28 batters.

Saberhagen recorded his gem in Royals Stadium vs. the Chicago White Sox on August 26, 1991, He walked 2 and fanned 5.

Bustly and relief pitcher Doug Bird teamed up for a no-hitter against Detroit March 23, 1973 during the exhibition season. Bustly pitched the 1st 6 innings and allowed only 2 baseniners—1 reached base on a walk and the other on an error. Bird pitched the final 3 innings and allowed only 2 walks as KC won 4-1.

In 1888 Henry Porter hurled a no-hit game for Kansas City's American Association major league club. It was a 4-0 win in Baltimore as the righthander walked 2 batters.

Until Busty and Bird teamed up for their gern, the last professional no-hitter by a Kansas City hurter had been Ernic Nevel's 7-inning gem in the Triple-A American Association in 1951.

California Angels ace Nolan Ryan recorded the 1st no-hitter in Royals Stadium on May 15, 1973. He struck out 12 and allowed only 3 base runners, all on walks, in the 3-0 win, his 1st career no-hitter.

The only other no-hitter thrown against Kansas City came when Jack Kralick of the Minnesota Twins no-hit the Athletics at Bloomington on Aug. 26, 1962 for a 1-0 victory. He came within 2 outs of pitching a perfect game. With 1 out in the 9th inning, he walked pinch hitter George Alusik on a 3-2 pitch.

Carl DeRose of the Blues of the American Association hurled the only professional no-hitter in Municipal Stadium when he blanked Minneapolis 5-0, on June 26, 1947. He faced only 27 batters, making if the 1st perfect game in American Association history.

The Royals and Yankees staged one of the most thrilling confrontations since the ALCS was initiated in 1969. New York finally edged Kansas City on Chris Chambliss' climactic home run to lead off the bottom of the 9th inning of Game #5 in Yankee Stadium and put a sudden end to the hard-lought matchup.

Royals Hall of Fame

The Royals Hall of Fame was established to honor those players, coaches and managers who have made exceptional contributions to the Royals' organization. Qualifications for nomination specify that a candidate must have spent the equivalent of three seasons in a Royals' uniform and must be three years (originally one year) removed from the capacity in which he is being considered. A panel of 42 local writers, broadcasters and Lancers make the selections.

To date, eight players, one manager and one administrator have been inducted into the Royals Hall of Fame. Outfielder Amos Otis and pitcher Steve Busby were inducted in the inaugural ceremony in 1986, Paul Splittorff, Cookle Rojas and Dick Howser were inducted in 1987, Dennis Leonard and Hal McRae were added in 1989, while Fred Patek, Larry Gura and Joe Burke joined the select group in 1992.

Amos Otis' career with the Royals spanned 14 years (1970-83) when he held down the starting centerlield spot. He compiled a solid .280 average in a Kansas City uniform with 193 home runs, 992 RBI and 340 stolen bases while winning three Gold Gloves and five All-Star nominations.

Steve Busby was one of the Royals best pitchers and top competitors despite having his career shortened by a shoulder injury. From 1973-75 he averaged 18.6 wins, 260 innings and 177 strikeouts per season while establishing many club records. He's the only pitcher to toss no-hitters in each of his first two big league seasons.

Paul Splittorff's major league career included action in 15 seasons from 1970-84. He was a mainstay on the staff from 1972-80 when he averaged nearly 15 wins and 220 innings per year. He holds the Royals career records for wins, starts and innings pitched. In 1973 he became the first 20-game winner in Kansas City Royals' history.

Cookie Rojas brought eight-and-a-half years National League experience to the Royals in 1970 and his experience and leadership abilities were evidenced immediately on a young expansion team, providing a solid base for future championships. Rojas was named to the American League All-Star learn four consecutive years (1971-74).

Dick Howser managed the Royals from August 31, 1981 to February 23, 1987 before losing a courageous battle to cancer, June 17, 1987. During Howser's regime, the Royals won two division titles and a World Championship in 1985. He compiled a 404-365 record (.525) while guiding the Royals.

Dennis Leonard is the only three-time 20-game winner in Royals history. He holds the club's career record for complete games, strikeouts, and shutouts, and single season highs in starts, complete games, innings pitched and strikeouts. His 130 wins from 1975-81 were the most by a righthanded pitcher in the major leagues.

Hal McRae's hard-nosed, aggressive style of play set the tone for the Royals championship clubs. He spent 14 full seasons in a Royals uniform and was recognized as one of the A.L.'s most prolific designated hitters. He was a three-time All-Star, led the league in doubles twice and topped the loop with 133 RBI in 1982.

Despite being the smallest player in the big leagues at 5-4, Fred Patek was a cornerstone of the early success of the franchise. He wore a Royals uniform from 1971-79, posting a .241 average in 1,245 games, earning a pair of All-Star game selections from his shortstop position. He led the league with 11 triples in 1971 and with 53 stolen bases in 1977.

Larry Gura logged a 111-78 record as a Royal, a 59 percent winning percentage, the top mark in club history. The crafty lefthander was a member of the 1980 American League All-Star squad and twice was selected as the Royals Pitcher of the Year. His career highs for wins came in 1980 and 1982 when he recorded 18 victories.

Under Joe Burke's guidance, baseball achieved the greatest success it has known in Kansas City. He joined the club in 1973 and served as General Manager from 1974-1981. He served as President of the club from that time until cancer took his life in 1992. He was named Major League Executive of the Year by the Sporting News in 1976 and was named "Mr. Baseball" at the Seventh Annual Kansas City Baseball Awards Dinner in January of 1978. His career in professional baseball covered 45 years including 31 years at the Major League level.

Royals Radio and Television Networks

For the 19th consecutive season, Stauffer Communications' WIBW Radio (AM-580) in Topeka, Kansas, will serve as the Royals' flagship station.

Under the guidance of General Manager Bob Fromme and Stauffer Vice President for Broadcasting Jerry Holley, the Royals' Radio Network will broadcast 17 spring training games and the entire 162-game regular season schedule. The network affiliate in the Kansas City area will be WDAF-AM, 610. In their 2nd year with the Royals, WDAF will offer its listeners comprehensive pre- and post-game programs.

The Royals Radio Network is one of the largest in Major League Baseball in terms of number of stations (more than 130) and geography (10 states).

In its 1st season as the flagship station for the Royals' Television Network is KSMO-TV (Channel 62) in Kansas City. KSMO-TV is an independent station owned and operated by ABRY Communications which is headquartered in Boston, MA. They currently own stations in Ballimore, MD (WNUV), Milwaukee, WI (WCGV), Cincinnati, OH (WSTR) and Birmingham, AL (WTTO) in addition to KSMO. WCGV is the current rightsholder for the Milwaukee Brewers television rights.

With Jim MacDonald (Manager Royals Baseball Television Network) in charge, the Royals Television Network will televise live 63 Royals' regular season games (59 road games and 4 home games) and 2 spring training

contests during the '93 season.

The voices on the radio network will be familiar in 1993 with Denny Matthews and Fred White, the longest tenured pair in the American League, handling the play-by-play. Dave Armstrong, in his first year, will be joined by former Royals' pitcher Paul Splittorff on the television network.

Denny Matthews will call the action on Royals' radio for the 25th season. He was chosen from more than 300 applicants for the number 2 announcer position prior to the Royals' initial season in 1969, then took over the number 1 job after the 1975 season. Matthews has also lent his play-by-play skills to the CBS Radio Network during portions of the regular season and during the 1982 and '85 World Series. The 1966 graduate of Illinois Wesleyan lettered in football and baseball for 3 years. He finished 8th in the nation (NAIA) in pass receiving in 1965. An avid collector of sports publications, Denny is single and resides in Leawood, KS.

Fred White enters his 20th year with the Royals. The award-winning announcer has worked college basketball and football games for CBS, NBC, TVS, Raycom and ESPN. His voice is heard year-round as he continues to draw college basketball assignments throughout the country. An Eastern Illinois University graduate, White has been named Kansas Sportscaster-of-the-Year several times. He was the "voice" of Kansas State University football and basketball for several seasons. He and his wife, Barb, reside in Leawood, KS. He has three children, Stacy, John and Joe Brett.

Don Free, who has worked for WIBW for 25 years, will begin his 8th year as the producer/engineer of the radio broadcasts. He and his wife Sandy, live in Topeka, KS with their daughters Kristin and Jennifer.

RADIO & TV Continued

Dave Armstrong begins his 1st year as the play-by-play voice of the Kansas City Royals. Armstrong, 38, has spent the past 6 seasons calling the action for a number of Big Eight football and basketball games for the Raycom Sports, Jayhawk Basketball, Prime and Cyclone Televison networks. He also has college basketball experience for ESPN and has provided play-by-play for ESPN for the American Legion Baseball World Series. He received his Bachelor's degree in Communications from John Brown University in Siloam Springs, Arkansas. He and his wife, Karen, have 2 children, Tiffany and Troy.

Paul Splittorff begins his 6th year on the Royals' television network. The Royals' Hall of Famer and all-time winningest pitcher in club history has developed his broadcasting background since retiring in 1984 after pitching in the Royals' organization since 1968. He has worked locally as a play-by-play announcer and analyst for high school and collegiate football and basketball games and on the Royals pre and post game shows. He also handled the color commentary for ESPN during the 1985 season on the game-of-the-week and College World Series. Paul and his wife Lynn live in Blue Springs, MO and have 2 children, Jennifer and Jamie.

Royals Stadium

Recognized throughout baseball as one of the game's most beautiful ballparks, Royals Stadium is 21-years old in 1993.

Since its opening in 1973 a total of 39,325,164 people have visited Royals Stadium, with attendance topping the 2 million mark in 11 of the last 15 campaigns, including a record 2,477,700 in 1989.

The stadium opened April 10, 1973 with the Royals defeating Texas 12-1 before 39,464 fans. Since then, many exciting games have been contested here, including the 1973 All-Star game, 3 no-hitters, playoff games in 1976, '77, '78, '80, '81, '84 and '85 and 7 World Series contests in 1980 and 1985.

Royals Stadium features a \$1.7 million Astro Turf-8 Drainthru playing surface (manufactured by Monsanto) which covers both the infield and outfield, a 12-story high scoreboard and 322-foot wide water spectacular. The scoreboard contains 16,320 light bulbs, most of them on the 40-foot wide, 60-foot high screen. The water spectacular is the largest privately funded fountain in the world.

Added in 1990 is a state of the art Sony JumboTron color video display board, installed on the leftfield hillside. The largest video board in the U.S. measures 30 by 40 feet and the top of the board features the Royals logo. In keeping with the architecture of the stadium, the exisiting water spectacular featuring cascading water now extends to the leftfield corner.

Four circular ramps and 4 escalators make all sections easy to reach. 20,316 of the 40,625 seats are on the lower level with 2,487 on the club level (even with press facilities) and 17,822 on the upper level.

Media representatives work in the air conditioned comfort of a 2-level press box. The upper level includes 7 broadcasting booths with the lower section containing working space for the print media. There are also field and press level photographer and television camera positions.
